Designed For the Discerning Gemologist

ADVANCED OPTICAL SYSTEM FOR EXCELLENT FLATNESS AND TREMENDOUS DEPTH OF FIELD

EXCEPTIONAL CLARITY AND DETAIL FOR VIEWING DIAMONDS AND PRECIOUS STONES

ACCU-SCOPE®

Delivering quality through vision

3075-GEM ZOOM STEREO GEM MICROSCOPE

Designed for the discerning gemologist, the 3075-GEM incorporates our most popular zoom stereo microscope delivering excellent flatness and tremendous depth of field via our most advanced Greenough optical system ever.

Incorporating the latest ergonomic, optical and mechanical designs, the 3075-GEM Zoom Stereo Microscope delivers unprecedented clarity, detail and accurate color rendition for the examination of diamonds and precious stones.

The included wire Stone holder swings out for easier changing of gemstones and rotates for viewing at any angle.

An optional inclusion pointer is also available.

Accessories shown left:

① *Inclusion pointer (optional)*
② *Ring holder (optional)*
③ *Wire stone holder (included)*
